or contact Leslie Wojtowicz at lwojtowicz@cmjts.org

Diversity, Equity, and Inclusion (DEI) remains in the forefront of societal challenges to be addressed. Data has proven that the more diverse the organization is, the more innovative and successful they are. Attend this VIRTUAL event to obtain information and strategies on diversity, equity, and inclusion in the workplace.

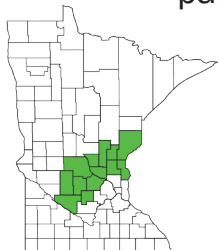

The success of any business depends on hiring the right people. With the current worker shortage, engaging and retaining all available workers is key. Learn what it means to be a second-chance employer—receive tips and resources on how to start, become, or advance your skills as an inclusive employer.

Presenters:

Dick Owen is a respected consultant in the St. Cloud area with several years of HR experience. Dick is the executive of FairChanceEmployer.com, which features processes designed to help organizations evaluate potential candidates with a criminal record.

Department of Corrections team members from the EMPLOY Program and Bridge Program will share tips and strategies to engage these individuals upon release, help them be successful on the job, and retain them in employment. Hear from a Fair Chance individual—their story and success.

Central Minnesota's Inclusive Workforce Employer Designation Program will reduce disparities and raise awareness of diversity, inclusion, value, and equity in the workplace by obtaining a designation that recognizes participating employers.
