ADDITIONAL COMMENTS:

Per Teresa Theis, we were asked to put in a note that we are not reporting co-enrollments in our annual submission. We shared with her that we intend to start reporting these in our first quarter submission in November, even though it is our understanding that there is no regulation requiring them yet.

¹For performance accountability purposes, the measurable skill gains indicator calculates the number of participants who attain at least one type of gain. However, this report is designed to examine the number of total gains within each type of gain.
