Recalibration of the
Caseload Reduction Credit
(10/1/2025)

Mandated State Reporting
of Work Outcomes
(10/1/2024)

Minimum Assistance
Payments for WPR
(10/1/2025)

Pilot Project for use of
Outcome-based
Performance Measures

Pilot Project for use of Outcome-based Performance Measures

Effective October 1, 2024, up to FIVE states chosen to have their performance measured based not on the process-focused WPR but instead pilot new performance and accountability measures.

Introduction to the MN Pilot

Goal: Improve employment outcomes and family stabilization for Minnesota Families

Two Key Interventions

Local Service Interventions:

Engaging the families we serve

Families receive comprehensive resources necessary to meet their economic and family needs

Tailored solutions for counties and Tribal Nations

State-Level Systems Change:

Ensuring better access to resources such as child care and medical assistance for families

Reducing administrative burdens

Local Service Interventions

- Partnering together to customize interventions based on regional labor markets
- Reducing disparities
- Engaging families that you serve
- Focus on support for families in crisis

State Level Systems Change

Families have access to:

- Child Care
- Health Insurance

Family Well-being Outcomes

Economic Well-being

Family Stability Measures

Exploring the impact of new program

Collaboration and Partnership

State/Local Collaboration
External partners
