SFY26-27 Important Changes

Grantee Contact Information Required to be Posted on Websites

As determined by the Commissioner of Administration, grant agreements now require grantees to clearly post on the grantee's website the names of, and contact information for, the organization's leadership and the employee or other person who directly manages and oversees the grant for the grantee. If no grantee website exists, the requirement is voided.

Privacy Notice/Equal Opportunity is the Law

All participants must be provided with a Privacy Notice/Equal Opportunity document. Grantees must:

- Fill in the Local Equal Opportunity Officer section of the document.
- Provide the Privacy Notice/Equal Opportunity document to each participant.
- Document that each participant has received a copy of the Privacy Notice/Equal Opportunity document in Workforce One by checking the box at enrollment.

ACP/P2P Performance Summary Report

A new Workforce One summary report will be available for SFY26-27 contracts that will provide the number of participants enrolled, training services received, and exits to employment or to post-secondary education. The report will compare Workforce One actual numbers to the planned outcomes based on the grant contract. The report also calculates the percentage of outcomes achieved.
