

MinnesotaWorks.net Replacement Project Update

Date: 3/18/26

To: MAWB Jobseeker Services Committee

From: Ryan Wold, Workforce Development Product Owner

On June 10th we will launch new functionality on CareerForce.MN.gov and retire MinnesotaWorks.net

Starting on June 10, 2026 CareerForce.MN.gov will officially replace MinnesotaWorks.net. The following functionality that was previously on MinnesotaWorks.net will now be on CareerForce.MN.gov:

- Event and appointment scheduling
- Service and activity tracking
- Job seeker account creation
- Resume builder
- Job posting (CareerForce.MN.gov/post-a-job)

Training on the new system will be available for DEED staff and partners

Training invitations will be sent to Bob Libal to be forwarded to the appropriate list of MAWB partners interested in participating in the training on how to learn the new system. Live workshops, written materials, and short video tutorials will be available.

Next MinnesotaWorks.net replacement project update will be on 4/15/26
